Our Katrina experience was:

(15-20 miles north of our house)

We stayed in Diamondhead, MS. We felt effects of the storm, the house shuttered the wind howled the rain pounded. trees were falling shingles were ~~flying~~ flying but we had no idea what distruction was really occurring the winds died (for the Eye wall) we went outside the kids played ~~to~~ throwing pine Cones + watching them sail. the wind picked up again ⇒ over

Write something special that you would like Santa to bring you or your family:

Bryce II - fishing, Skateboarding + biking are hobbies

Olivia - Barbie dolls + dressup

Bryce + Jen - You already have thanks :)

Please use back or another sheet of paper, if you want to write more. We want to hear your story.

Return by November 30th to:

Mayor's Office, City of Waveland, P. O. Box 539, Waveland, MS 39576

Olivia was lifted off the ground several inches until her daddy caught her. We knew it was time to go back inside. When the storm had cleared Bryce (dad) and a fellow officer ~~Savage~~ rode around looking at the damage (which was far worse than we could have imagedy from the little area we were in. Our house was completely submerged our neighborhood gone our town demolished.

My family was all ok but everyones house was gone out of 7 houses in the family mine was one of the only ones standing but not inhabitable.

We are greatful to all be alive and have the chance to spend the holidays together.

Thank you for listening & helping
